## ORGANIZATION

The Erie County Fiscal Stability Authority (the Authority) is as a corporate governmental agency and instrumentality of the State of New York (the State) constituting a public benefit corporation. Although legally separate and independent of Erie County (the County), the Authority is incorporated into the financial statements of the County as a blended component unit. The Authority was created on July 12, 2005 by Chapter 182 of the Laws of 2005 (the Act), as amended by Chapter 183 of the Laws of 2005, to monitor and oversee the finances of the County as lack of a balanced budget in the County was determined to be a matter of overriding State concern. The Act declared the County to be in a severe fiscal crisis that could not be resolved absent assistance from the State. Agencies and departments to be covered by the Authority's activities include all Erie County Departments, Erie Community College, the Buffalo & Erie County Public Libraries and Erie County Sewer Districts.

The business of the Authority is carried out by the Authority's Board of Directors at public meetings, which are required to be held not less than quarterly during a control period and not less than annually during an advisory period. Board meetings are typically being held when the County submits its annual budget and financial plan, upon requests for the authority to issue debt on the County's behalf, awarding or repurposing of state efficiency grants and to conduct Authority administrative matters. No action may be taken by the Authority without a favorable vote of at least four directors. The Authority is to be governed by seven directors, each appointed by the Governor including one each appointed on the written recommendation of the Temporary President of the State Senate, the Speaker of the State Assembly and the State Comptroller. The Governor designates a chair and vice chair form among the directors. One director appointed by the Governor and the directors appointed on the recommendation of the Temporary President of the State Senate, the Speaker of the State Assembly and the State Comptroller must be residents of Erie County. All directors of the Authority serve without salary.

In its oversight capacity, the Authority is vested with advisory powers to review County financial plans submitted to it and make recommendations, or if necessary, adverse findings thereon. Annually, the Authority is required to review and approve or disapprove a budget and four-year financial plan submitted by the County, which details expenditures, revenues and gap closing measures. The Authority may impose a control period upon making one of several statutory findings concerning the County's financial position and, if necessary, develop financial plans on behalf of the County if the County is unwilling or unable to take the required steps toward fiscal stability. The Authority is also empowered to make appropriated State aid available as it determines in the form of efficiency grants and to comment on proposed borrowings by the County. The Authority may issue bonds or other obligations on behalf of the County if it requests that the Authority do so in order to achieve budgetary savings through debt restructuring, deficit financings or by financing short-term cash flow or capital needs.

Revenues of the Authority consist of sales tax revenue, defined as net collections from sales and compensating use taxes, penalties and interest authorized by the State and imposed by the County on the sale and use of tangible personal property and services in the County, as well as investment earnings on funds deposited in Authority bank accounts. Sales tax revenues collected by the State Comptroller for transfer to the Authority are not subject to appropriation by the State or County. Revenues of the Authority that are not required to pay operating expenses and other costs of the Authority are payable to the County as frequently as practicable.

## **BUDGET PROCESS**

### *Proposed Budget and Financial Plan*

The Authority's proposed budget and financial plan are prepared in accordance with accounting principles generally accepted in the United States of America on a modified accrual basis, but also include adjustments for cash basis accounting. Comparative amounts for the fiscal year ended December 31, 2017 were derived from the Authority's audited financial statements, copies of which were previously delivered to the Board and approved by resolution #18-02 on May 16, 2018. Amounts budgeted for the fiscal year ending December 31, 2018 and forecasts included in the financial plan have been developed using assumptions and methods of estimation disclosed in budget and financial plan notes and sections herein. Working papers that document the reasonable assumptions and methods of estimation, consistent with prudent budgetary practices, have been prepared contemporaneously with the plan and will be maintained by the Authority.

The proposed budget and financial plan is submitted to the Authority's Board for review no later than 90 days prior to the commencement of its next fiscal year along with a certification by the Authority's Executive Director attesting to the reasonableness of assumptions and methods of estimation used to prepare the budget and financial plan. At the same time, the proposed budget and financial plan with certification are submitted to the Governor, Chairman and Ranking Minority Member of the Senate Finance Committee, and Chairman and Ranking Minority Member of the Assembly Ways and Means Committee. The proposed budget and financial plan is posted on the Authority's website and made available to the public for 45 days, at least 30 of which must be prior to approval by the Board.

### *Approved Budget and Financial Plan*

Authority staff provide the Executive Director & Board with quarterly updates on actual revenues and expenses compared to annual budget targets. No later than 90 days after the close of each fiscal year, Authority staff report publicly on the prior year's actual versus budgeted results. Should any situation arise that has the potential to have a material, adverse affect on the approved budget and financial plan, Authority staff are required to notify the State Comptroller in writing of the situation.

## **PRINCIPAL BUDGETARY ASSUMPTIONS AND ASSESSMENT OF BUDGETARY RISKS**

The budget and financial plan includes estimates developed using assumptions as disclosed in notes to the plan. Estimates are subject to risk due to assumptions made about future scenarios. Sales tax receipt estimates, which constitute the majority of the Authority's budgeted and forecasted revenue, are based on amounts set forth in the County's 2019-2022 Four Year Financial Plan. County sales tax receipts are forecast to grow by 1.75 % in 2018, 1.75 % in 2019 and 1.50 % through 2022. Actual Sales tax receipt growth for 2017 was 3.29% and currently trending at 4.7% for 2018 per ECFSA actual receipts. Sales tax receipts are sensitive to the fluctuations in economic activity in the County, which has gone through numerous cycles of expansion and contraction over the years.

Interest income is earned by the Authority on sales tax receipts held by the New York State Comptroller's Office and on cash held by the Authority in interest bearing accounts. The amount of interest income the Authority earns on an annual basis is sensitive to total sales tax receipts and bank account balances. In addition, the amount of interest income earned by the Authority is also subject to changes in interest rates.

The Authority is charged with reviewing and determining whether the County's budget and financial plans are in balance, reasonable and doable, approving State-funded efficiency grants as appropriate and approving County bond sales or selling Authority bonds on behalf of the County. The Authority has set a goal of meeting these requirements in an efficient manner with minimal cost to taxpayers. In order to do so the Authority may incur, from time to time, additional professional fees and may hire additional staff. The Authority has prudently budgeted for these potential demands in order to minimize budgetary risks. Also, the Authority's budget and financial plan risks are mitigated by the magnitude by which sales tax receipts exceed operating expenditures.

## RECONCILIATION OF CHANGES

The following is a reconciliation of changes from the previously approved 2018 budget. Revisions are documented in the “2018 Projection” column in the 2019-2022 budget and financial plan above. Adjustments have been made for changes in estimates since the 2018 budget was approved.

***Sales Tax Receipts*** – For December 31, 2018, “projected” sales tax receipts are expected to continue to be favorable over budgeted amounts due to improving economic factors and increasing gasoline prices.

***Distributions to Erie County*** – For December 31, 2018, “projected” distributions to Erie County are expected to be favorable due to improving economic factors and increasing gasoline prices.

***Interest Income*** – By December 31, 2018, the Authority is anticipating to in excess of \$100,000 in interest on “projected” sales tax transfers to the Authority by the Office of the New York State Comptroller an increase over the budgeted amount of \$24,129 due to higher interest rate calculations on cash balances held before distribution.

***Salary & Benefits Expense*** – For December 31, 2018, “projected” salaries & benefits are expected to be approximately \$36,000 lower than budgeted due to continued savings from lower COLA increase.

***Professional Fees*** – For December 31, 2018, “projected” professional fees are expected to be approximately \$36,000 lower than budgeted due to lower legal counsel needs and corresponding fees.

***Office Related Expenses*** – For of December 31, 2018, “projected” office related expenses are expected to be approximately \$13,000 lower than budgeted due to lower than expected office related expenditures.

**PROJECTED PERSONAL AND NON-PERSONAL SERVICE COSTS**

***Personal Service Costs***

As of December 31, 2018 the Authority has three employees, all of whom are full-time, exempt and funded by general revenues of the Authority. Revised, budgeted and projected annual expenses for salary, health insurance, other benefits and payroll taxes are presented below:

**Personal Service Employee Expenses Detail – 2018 to 2022**

<b>Item</b>	<b>2018</b>	<b>2019</b>	<b>2020</b>	<b>2021</b>	<b>2022</b>

<b>Total</b>	<b>34,000</b>	<b>34,000</b>	<b>34,000</b>	<b>34,000</b>	<b>34,000</b>

## STATEMENT OF BORROWED DEBT

The Authority is authorized to issue up to \$700 million in long-term debt excluding any cost of issuance, debt reserve fund or future refunding of bonds net of unearned bond accretion for the purpose of refinancing or restructuring outstanding Erie County debt or to fund County capital and operating needs. In addition, the Authority may undertake cash flow borrowings on behalf of the County, up to a limit of \$250 million of the aggregate outstanding at any time. The Authority is authorized to issue fixed or variable rate debt and may enter into interest rate swaps.

Since its inception, the Authority has issued short term and long term debt on behalf of the County in the form of General Obligation debt, capital projects debt, refinancing of eligible County bonds debt and issuance of a one year Revenue Anticipation Notes.

The Authority did not issue any debt in 2018.

Since 2010, the Authority has issued \$712,750,000 of long term debt in the form of Notes and Serial Bonds with due dates through 2039. As of December 31, 2018, \$339,965,000 remains outstanding.

Any bonds issued by the Authority are secured by a senior lien on its revenues, which consist of a share of sales and compensating use tax authorized by the State and imposed by the County and any state aid appropriated to the County by the State under the aid and incentive for municipalities program. The Authority's enabling legislation restricts changes in local laws, ordinances or resolutions imposing or relating to taxes or fees that would reduce maximum annual debt service coverage below 200 percent.

**Long Term Liabilities - Serviced through the Debt Service Fund - 2018**

Fiscal Year End	Original Amt	December 31, 2017	Increases	Decreases	Refunding	December 31, 2018	Due in One Year
