INDEPENDENT AUDITORS' REPORT

The Board of Directors
Erie County Fiscal Stability Authority

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Erie County Fiscal Stability Authority (the Authority), a component unit of the County of Erie, New York, as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Authority as of December 31, 2025, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for one year beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

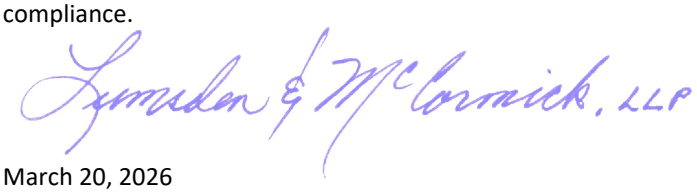
We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

GAAP requires that management's discussion and analysis and other required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 20, 2026 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.



March 20, 2026

Management's Discussion and Analysis

December 31, 2025

Introduction

This section of Erie County Fiscal Stability Authority's (the Authority) annual financial report presents its discussion and analysis of the Authority's financial performance during the year ended December 31, 2025. Please read it in conjunction with the Authority's financial statements, which immediately follow this section.

The Authority is a corporate governmental agency and instrumentality of the State of New York constituting a public benefit corporation. Although legally separate and independent of the County of Erie, New York (the County), the Authority is incorporated into the financial statements of the County as a blended component unit (see notes to financial statements).

Overview of the Financial Statements

The annual financial statements of the Authority consist of the following components: management's discussion and analysis (this section), financial statements, and notes to financial statements.

Management's discussion and analysis of the Authority's financial performance provides an overview of the Authority's financial activities for the years ended December 31, 2025 and 2024. This overview, which covers important financial events of the period, should be read in conjunction with the Authority's financial statements, including the notes to the financial statements.

Government-wide financial statements of the Authority are presented in accordance with the requirements of the Governmental Accounting Standards Board ("GASB"). The government-wide financial statements use the economic resources measurement focus and accrual basis of accounting. These statements are presented to display information about the reporting entity as a whole. The Statement of Net Position presents information on all of the Authority's assets and deferred outflows of resources less its liabilities and deferred inflows of resources, with the difference reported as net position. The Statement of Activities presents information showing how the Authority's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows; thus, revenues and expenses are reported in the statement for some items that will result in cash flows in future periods. All of the activities of the Authority are considered to be governmental activities.

Governmental fund financial statements are presented using the current financial resources measurement focus and the modified accrual basis of accounting. Governmental fund financial statements are the Balance Sheet and the Statement of Revenues, Expenditures, and Changes in Fund Balances. Under the modified accrual basis, revenue is recognized when it becomes both measurable and available to finance expenditures in the current fiscal period.

In addition to these two types of statements, the financial statements include a reconciliation between the government-wide and governmental fund financial statements. Accompanying notes to the financial statements are also an integral part of the financial statements.

Financial Highlights

The Erie County Fiscal Stability Authority's 2025 fiscal year was again highlighted by controlling spending to 87% of its allocated budget. With a 2025 general fund operating budget of general and administrative expenditures of $512,000 and actual expenditures of $447,000, the Authority achieved a savings of $65,000 or 12.7%. For the nineteenth consecutive year, the Authority has expended less than its annual operating budget by at least 5% or more, year over year.

The Authority remains committed to conducting its oversight functions of the County's finances using the lowest level of resources it needs to meet its State-mandated responsibilities and reporting requirements.

Financial Analysis of the Authority as a Whole

Condensed Statements of Net Position	2025	2024	Change $	Change %
Assets				
Cash and cash equivalents	**$ 354,000**	$ 398,000	$ (44,000)	(11.1%)
Restricted cash and cash equivalents	**7,872,000**	7,818,000	54,000	0.7%
Due from other governments	**73,916,000**	67,389,000	6,527,000	9.7%
Long-term receivables from County of Erie	**155,556,000**	165,897,000	(10,341,000)	(6.2%)
Prepaid expenses	**22,000**	11,000	11,000	100.0%
Total assets	**237,720,000**	241,513,000	(3,793,000)	(1.6%)
Deferred Outflows of Resources				
Deferred outflows of resources related to pensions	**53,000**	63,000	(10,000)	(15.9%)
Defeasance loss	**917,000**	1,256,000	(339,000)	(27.0%)
Total deferred outflows of resources	**970,000**	1,319,000	(349,000)	(26.5%)
Liabilities				
Accounts payable and accrued liabilities	**54,000**	52,000	2,000	3.8%
Accrued interest on bonds	**1,915,000**	2,021,000	(106,000)	(5.2%)
Due to County of Erie	**77,906,000**	71,220,000	6,686,000	9.4%
Bonds payable	**154,933,000**	165,845,000	(10,912,000)	(6.6%)
Net pension liability	**30,000**	29,000	1,000	3.4%
Total liabilities	**234,838,000**	239,167,000	(4,329,000)	(1.8%)
Deferred Inflows of Resources				
Deferred inflows of resources related to pensions	**7,000**	25,000	(18,000)	(72.0%)
Defeasance gain	**162,000**	222,000	(60,000)	(27.0%)
Total deferred inflows of resources	**169,000**	247,000	(78,000)	(31.6%)
Net Position				
Unrestricted	**$ 3,683,000**	$ 3,418,000	$ 265,000	7.8%

The Authority's overall total net position increased 7.8% in 2025 (increase of 10.9% in 2024) mainly due to timing of bond premium amortizations for long-term receivables compared to bonds payable.

Cash and cash equivalents decreased 11.1% (decrease of 35.6% in 2024) due to the timing and amount of monthly allocations of sales tax revenues for operating purposes.

Since the Authority has an arrangement with the County to issue bonds on its behalf and then use the funds to purchase mirror bond "notes" from the County, the Authority accrues interest receivable from the County on those mirror bonds and reduces the receivable when payment is received from the County and payments are made to the Authority's bondholders. The Authority has an ongoing requirement to set aside the County's funds through the interception of sales tax revenues from New York State to make the periodic interest and principal payments on its outstanding bonds issued.

Accrued interest payable, unamortized bond premiums, bonds payable, debt set-asides, due to County of Erie, and residual accrued interest due to the County all relate as liability components to the Authority's bonds.

Condensed Statements of Activities	2025	2024	Change $	Change %
General Revenues				
Sales tax	**$ 635,622,000**	$ 601,243,000	$ 34,379,000	5.7%
Interest and other income	**5,081,000**	5,568,000	(487,000)	(8.7%)
	640,703,000	606,811,000	33,892,000	5.6%
Less: distributions to the County of Erie and New York State	**635,212,000**	601,033,000	34,179,000	5.7%
Total net revenues	**5,491,000**	5,778,000	(287,000)	(5.0%)
Expenses				
General and administrative	**439,000**	426,000	13,000	3.1%
Interest and amortization	**4,787,000**	5,015,000	(228,000)	(4.5%)
Total expenses	**5,226,000**	5,441,000	(215,000)	(4.0%)
Change in net position	**265,000**	337,000	(72,000)	(21.4%)
Net position – beginning	**3,418,000**	3,081,000	337,000	10.9%
Net position – ending	**$ 3,683,000**	$ 3,418,000	$ 265,000	7.8%

The increase in sales tax revenues of 5.7% (decrease of 0.1% in 2024) is attributable to an improvement in economic conditions throughout 2025. General and administrative expenses increased by 3.1% in 2025 (increase of 0.9% in 2024). The decrease in interest and other income is due to the impact of amortization of premiums and collection on long-term receivables. Interest and amortization expense continued to decrease due to ongoing repayments and no new debt.

Financial Analysis of the Authority's Funds

General and Administrative Expenses

For the year ended December 31, 2025, the Authority's general and administrative expenses reported in the governmental fund financial statements totaled $447,000 versus $423,000 in 2024. Total general and administrative expenses were higher in 2025 compared to 2024 primarily due to an increase in salaries and employee benefits expenses.

General and Administrative Expenses	2025	2024	Change $	Change %
Wages and employee-related expenses	**$ 384,000**	$ 360,000	$ 24,000	6.7%
Professional fees	**26,000**	25,000	1,000	4.0%
Office-related	**32,000**	33,000	(1,000)	(3.0%)
Miscellaneous	**5,000**	5,000	-	-
Total	**$ 447,000**	$ 423,000	$ 24,000	5.7%

Wages and employee-related expenses include salaries, payroll taxes, health insurance (net of employee contributions), and New York State and Local Retirement System (NYSLRS) contributions. As of both December 31, 2025 and 2024, there were three Authority employees.

Wages and Employee-Related Expenses	2025	2024	Change $	Change %
Salaries	**$ 269,000**	$ 253,000	$ 16,000	6.3%
Payroll taxes	**21,000**	20,000	1,000	5.0%
Benefits	**94,000**	87,000	7,000	8.0%
Total	**$ 384,000**	$ 360,000	$ 24,000	6.7%

Professional fees are paid for independent audit, legal, financial advisory, payroll, investment management, and banking services. Audit expenses increased $1,000 in 2025 compared to 2024 while trustee fees remained consistent.

Professional Fees	2025	2024	Change $	Change %
Audit and fiscal advisor	$ 18,000	$ 17,000	$ 1,000	5.9%
Payroll and banking services	8,000	8,000	-	0.0%
Total	$ 26,000	$ 25,000	$ 1,000	4.0%

On November 1, 2010, the Authority agreed to continue its tenancy on a month-to-month basis at the same monthly rate as the original lease. The month-to-month arrangement is still in effect through 2025. Office expenses decreased mainly due to a decrease in supplies in 2025.

Office-Related Expenses	2025	2024	Change $	Change %
Lease and utilities	$ 25,000	$ 23,000	$ 2,000	8.7%
Office supplies	7,000	10,000	(3,000)	(30.0%)
Total	$ 32,000	$ 33,000	$ (1,000)	(3.0%)

Revenues and Sales Tax Distribution

Revenues of the Authority include the County's share of sales tax revenue and interest income earned on cash held by the Authority, granted to the County. The Authority's enabling legislation grants the Authority a first lien and perfected security interest in net collections from sales and compensating use tax authorized by the State and levied by the County.

The current sales and compensation use tax rate in the County is 4.75% consisting of a 3.00% base rate and a 1.75% additional rate, which is subject to periodic renewals. The Authority receives all sales tax revenue imposed by the County except for the component that is allocable to the towns, cities, school districts, and villages within the County. Sales tax revenue is dependent upon various factors including economic conditions in the County, which has experienced numerous cycles of growth and recession.

Sales tax revenue of the Authority for the year ended December 31, 2025 amounted to $635,622,000. The Authority received $1,168,000 in interest on sales tax transferred to the Authority by the New York State Office of the State Comptroller. In addition, the Authority received interest income on notes receivable from the County amounting to $7,084,000.

Revenue of the Authority must be applied first to pay debt service on the Authority bonds, then for Authority operating expenses, and finally, subject to agreements with the County, the balance is transferred to the County. The Authority transferred $635,212,000 in net sales tax and state aid revenues to the County.

Factors Bearing on the Authority's Future

The Authority was created on July 12, 2005 by Chapter 182 of the Laws of 2005, and amended by Chapter 183 of the Laws of 2005, to monitor and oversee the finances of the County. The Authority is enacted to operate through December 31, 2039.

Contacting the Authority's Financial Management

This financial report is designed to provide the County's citizens, taxpayers, customers, investors, and creditors with a general overview of the Authority's finances and to demonstrate the Authority's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Authority by phone at (716) 608-2271, by email at info@ecfsa.ny.gov, or by mail at Erie County Fiscal Stability Authority, 295 Main Street, Suite 946, Buffalo, New York 14203.

ERIE COUNTY FISCAL STABILITY AUTHORITY
(A Component Unit of the County of Erie, New York)

Reconciliation of the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances to the Statement of Activities

For the year ended December 31, 2025

Total net change in fund balances - governmental funds		$	(34,980)
Amounts reported for governmental activities in the statement of activities are different because:			
Payments on long-term receivables are reported as revenue in the governmental funds and as a reduction of receivables in the statement of net position.			(8,780,000)
In the statement of activities, certain revenues are measured by the amounts earned during the year. In the governmental funds these revenues are reported when available. These differences are:			
Amortization of bond premiums and defeasance loss	(1,899,625)		
Interest	(105,503)		(2,005,128)
Pension expense is recognized when paid on the fund statement of revenues, expenditures, and changes in fund balances and actuarially determined on the statement of activities.			7,547
Payments of long-term liabilities are reported as expenditures in the governmental funds and as a reduction of debt in the statement of net position.			8,780,000
In the statement of activities, certain expenses are measured by the amounts incurred during the year. In the governmental funds these expenditures are reported when paid. These differences are:			
Amortization of bond premiums and defeasance gain	2,192,516		
Interest	105,503		2,298,019
Change in net position - governmental activities		$	265,458

See accompanying notes.

Notes to Financial Statements

1. Summary of Significant Accounting Policies

Reporting Entity

The Erie County Fiscal Stability Authority (the Authority) is a corporate governmental agency and instrumentality of the State of New York (the State) constituting a public benefit corporation created by the Erie County Fiscal Stability Authority Act (the Act), Chapter 182 of the Laws of 2005. The Authority is incorporated into the financial statements of the County of Erie, New York (the County) as a blended component unit. The Authority was created on July 12, 2005 to monitor and oversee the finances of the County. Agencies and departments covered by the Authority's activities include all departments of the County, Erie Community College, the Buffalo & Erie County Public Library, and the County of Erie Sewer Districts.

The business of the Authority is carried out by the Authority's Board of Directors at public meetings, which are required to be held not less than quarterly during a control period and not less than annually during an advisory period. Board meetings are typically held monthly. No action may be taken by the Authority without a favorable vote of at least four directors. The Authority is governed by seven directors, each appointed by the Governor, including one each appointed on the written recommendation of the President Pro Tempore of the State Senate, the Speaker of the State Assembly, and the State Comptroller. The Governor designates a chair and a vice chair from among the directors. One director appointed by the Governor and the directors appointed by the recommendation of the Temporary President of the State Senate, the Speaker of the State Assembly, and the State Comptroller must be residents of the County of Erie. All directors of the Authority serve without salary.

In its oversight capacity, the Authority is vested with control and advisory powers to review County financial plans submitted to it and make recommendations, or if necessary, adverse findings thereon. Annually, the Authority is required to review and approve a budget and four-year financial plan submitted by the County, which details expenditures, revenues, and gap closing measures. The Authority may impose a control period, make one of several statutory findings concerning the County's financial position and, if necessary, develop financial plans on behalf of the County, if the County is unwilling or unable to take the required steps toward fiscal stability. The Authority is also empowered to make appropriated State aid available as it determines necessary in the form of efficiency grants.

On November 3, 2006, the Authority imposed a control period on the County in accordance with Section 3959(1)(e) of New York Public Authorities Law through resolution 06-49. The resolution empowered the Authority to operate with its maximum authorized complement of control and oversight powers over County finances. On that date, the Board also imposed a hiring freeze and a contract review process.

On June 2, 2009, the Authority elected to revert from control status to advisory status.

The Authority is required to comment on proposed borrowings by the County and it may issue bonds or other obligations to achieve budgetary savings through debt restructuring, deficit financing, or by financing short-term cash flow or capital needs. The aggregate principal amount of long-term general obligation or revenue borrowing by the Authority on behalf of the County shall not exceed $700 million at any one time excluding any cost of issuance, debt reserve funding, or refunding of bonds net of unearned bond accretion. In addition, the aggregate principal amount of short-term cash flow borrowing by the Authority on behalf of the County shall not exceed $250 million at any one time.

The Authority's revenue consists of sales tax revenue, defined as net collections from sales and compensating use taxes, penalties and interest authorized by the State and imposed by the County on the sale and use of tangible personal property and services in the County, and investment earnings on funds deposited in Authority bank accounts. Sales tax revenue collected by the New York State Office of the State Comptroller (the State Comptroller) for transfer to the Authority is not subject to appropriation by the State or County. Revenues of the Authority that are not required to pay operating expenses and other costs of the Authority are payable to the County as frequently as practicable.

Basis of Presentation

Government-Wide Financial Statements: The statement of net position and the statement of activities display financial activities of the overall Authority. These statements are required to distinguish between *governmental* and *business-type* activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties. The Authority does not maintain any business-type activities.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the Authority's governmental activities. Given the specific nature of the Authority's purpose, its only function is displayed as monitoring of County finances.

Fund Financial Statements: The fund financial statements provide information about the Authority's funds. The emphasis of the fund financial statements is on major governmental funds, each displayed in a separate column.

The Authority reports the following major funds:

- *General fund.* This is the Authority's primary operating fund. It accounts for all financial resources except those required to be accounted for in another fund.

- *Debt service fund.* This fund is used to account for resources that are restricted, committed, or assigned to expenditure for principal and interest payments on long-term debt obligations of governmental activities on behalf of the County. Financial resources that are being accumulated for principal and interest payments maturing in future years are also included in this fund, including sales tax set-asides.

Basis of Accounting and Measurement Focus

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the Authority receives value directly without giving equal value in exchange, include sales taxes. Revenue is recognized in the fiscal year for which taxes are earned or designated. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The Authority considers all revenues reported in the governmental funds to be available if they are collected within sixty days after year end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt and claims and judgments, which are recognized as expenditures to the extent that they have matured. Capital asset additions are reported as expenditures in governmental funds. Proceeds of long-term liabilities and financed equipment are reported as other financing sources.

Interest expense is recognized on the accrual basis in the government-wide financial statements. In the governmental fund financial statements, interest expenditures are recognized when due.

The Authority receives sales tax revenue several times each month and receives interest earnings from time to time as investments mature. Funds for debt service are required to be set aside from revenues on a monthly basis. The Authority also withholds, as necessary, amounts which in its judgment are required for operations and operating reserves. Residual sales tax revenue and investment earnings are then transferred to the County.

No revenues are generated from program activities of the Authority; therefore, all revenues are defined by the Authority as general revenues. Revenues are received in the general and debt service funds. Expenditures of the Authority that arise in the course of providing the Authority's oversight and debt issuance services, such as payroll and administrative expenses, are accounted for in the general fund. Expenditures related to debt issuance are accounted for in the debt service fund.

Subsequent Events

Management has evaluated events and transactions for potential recognition or disclosure in the financial statements through March 20, 2026, the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Cash, Cash Equivalents, and Investments

Investment management is governed by State laws in accordance with the Act and as established in the Authority's written policies. Cash resources must be deposited in FDIC-insured commercial banks or trust companies located within the State. The Authority's policies permit the Executive Director to use demand and time accounts, certificates of deposit, obligations of the United States Treasury and its Agencies, and obligations of the State or its localities, including those held under repurchase agreements or in external investment pools.

Custodial credit risk is the risk that in the event of a bank failure the Authority's deposits may not be returned to it. Collateral is required for demand and time deposits and certificates of deposit not covered by Federal Deposit Insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its municipalities and school districts. At December 31, 2025, the Authority's bank deposits were fully collateralized by FDIC coverage and securities held by the pledging institution's trust department or through a perfected security interest in the pledged assets in the Authority's name.

Interest rate risk is the risk that the fair value of investments will be affected by changing interest rates. The Authority's investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Cash and cash equivalents include cash on hand, demand deposits, and money market funds.

Restricted cash and cash equivalents consist of money market funds held for set-aside sales tax revenue for the payment of the Authority's debt service requirements. These set-asides are held on behalf of the County for its payment of mirror serial bonds/loans payable to the Authority in a segregated trust account and not commingled with the assets of the bank. The balance in these accounts at December 31, 2025 is $7,871,725.

Bond Premiums

Premiums received upon the issuance of debt are included as other financing sources in the governmental fund financial statements when issued. In the government-wide financial statements, premiums are recognized with the related debt issue and amortized on a straight-line basis as a component of interest expense over the life of the related obligation.

Bond Defeasances

In the government-wide financial statements, gains or losses on bond refundings represent the difference between the price required to repay previously issued debt and the net carrying amount of the retired debt, and are recorded as either a deferred outflow or deferred inflow of resources. In subsequent years, these amounts are amortized on a straight-line basis as a component of interest expense over the shorter of the life of the old or new debt.

Pension

The Authority participates in the New York State and Local Employees' Retirement System (ERS) as mandated by State law. ERS recognizes benefit payments when due and payable in accordance with benefit terms; investment assets are reported at fair value. On the government-wide financial statements, the Authority recognizes its proportionate share of net pension position, deferred outflows and deferred inflows of resources, pension expense, and information about and changes in the fiduciary net position (Note 6) on the same basis as reported by the defined benefit pension plan.

Equity Classifications

Government-Wide Financial Statements

Net position may consist of the following components:

- *Net investment in capital assets* – consists of capital assets, net of accumulated depreciation, reduced by outstanding balances of any related debt obligations attributable to the acquisition, construction, or improvement of those assets. The Authority does not currently maintain any capital assets.
- *Restricted* – consists of restricted assets reduced by related liabilities and deferred inflows of resources. Restrictions are imposed by external organizations such as federal or state laws or by the terms of the Authority's bonds.
- *Unrestricted* – the net amount of assets and deferred outflows of resources less liabilities and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position and, therefore, are available for general use by the Authority.

Governmental Fund Financial Statements

The Authority considers restricted resources to have been spent first when expenditures are incurred for purposes for which both restricted and unrestricted fund balances are available. Because the Authority has not adopted a formal spending policy, it is assumed that committed funds will be reduced first, followed by assigned, then unassigned amounts when expenditures are incurred for purposes for which amounts in any of these unrestricted fund balance classifications could be used.

Restricted fund balances result from reserves created primarily by enabling legislation to preserve resources for future expenditures as required by budgetary regulations or bond instruments. Earnings on invested resources are required to be added to the reserves.

Nonspendable fund balances represent resources that cannot be spent because they are not expected to be converted to cash and include prepaid expenses.

Fund balance restrictions at times may consist of residual amounts in the debt service fund to accumulate resources for a sinking fund in connection with the requirements of the related bond agreements.

Interfund Balances

The operations of the Authority at times include transactions between funds. These transactions may be temporary in nature such as with interfund borrowings. Permanent transfers of funds include resources required for debt service payments.

2. Transactions with and on Behalf of the County and New York State

The Act and other legal documents of the Authority establish various financial relationships between the Authority and the County that correspond to the organizational structure discussed in Note 1. The resulting financial transactions between the Authority and the County include the receipt and use of revenues as well as Authority debt issuances to fund financeable costs of the County. In addition, certain payments to the Office of the Comptroller of the State of New York (the Comptroller) are required by law.

The receipt and remittance of revenues in 2025 include:

- The receipt and remittance to the County of sales tax revenues. Revenues of $635,622,150 were recorded and subsequently paid to the County, with $15,919,806 designated to provide for a debt service sinking fund.
- Loans of $118,845,000, serial bonds of $24,775,000, and accrued interest of $1,915,503 were owed to the Authority by the County at December 31, 2025.

3. Due from Other Governments

New York State - December sales tax receipts	$ 72,000,622
Accrued interest due from the County	1,915,503
	$ 73,916,125

4. Long-Term Receivables

	January 1, 2025	Increases	Decreases	December 31, 2025	Amount Due in One Year
Mirror bonds receivable:					
Mirror bond 2017A (06/2031), interest ranging from 4.00% to 5.00%	$ 19,815,000	$ -	$ 2,425,000	$ 17,390,000	$ 2,550,000
Mirror bond 2017B (11/2036), interest ranging from 2.00% to 5.00%	7,935,000	-	550,000	7,385,000	580,000
Loans receivable:					
Series 2017C refunding loan (09/2034), interest ranging from 3.00% to 5.00%	42,355,000	-	3,525,000	38,830,000	3,700,000
Series 2017D loan (09/2039), interest ranging from 3.00% to 5.00%	82,295,000	-	2,280,000	80,015,000	2,375,000
	152,400,000	-	8,780,000	143,620,000	9,205,000
Premiums:					
2017A	2,759,178	-	466,340	2,292,838	-
2017B	840,222	-	74,137	766,085	-
2017C	5,918,674	-	663,777	5,254,897	-
2017D	3,978,916	-	356,321	3,622,595	-
	13,496,990	-	1,560,575	11,936,415	-
	$ 165,896,990	$ -	$ 10,340,575	$ 155,556,415	$ 9,205,000

Amounts to be received from the County, net of premiums of $11,936,416, are as follows:

Years ending December 31,	Principal	Interest
2026	$ 9,205,000	$ 6,642,369
2027	9,645,000	6,178,869
2028	10,095,000	5,693,244
2029	10,580,000	5,184,869
2030	11,090,000	4,652,119
2031-2035	49,730,000	16,235,919
2036-2039	43,275,000	5,307,468
	$ 143,620,000	$ 49,894,857

5. Long-Term Liabilities

	January 1, 2025	Increases	Decreases	December 31, 2025	Amount Due in One Year
Series 2017A bond maturing June 2031 with interest ranging from 4.00% to 5.00% over the life of the bond. Secured by future sales tax and state aid revenues.	$ 19,815,000	$ -	$ 2,425,000	$ 17,390,000	$ 2,550,000
Series 2017B bond maturing November 2036 with interest ranging from 2.00% to 5.00% over the life of the bond. Secured by future sales tax and state aid revenues.	7,935,000	-	550,000	7,385,000	580,000
Series 2017C refunding bond maturing September 2034 with interest ranging from 3.00% to 5.00% over the life of the bond. Secured by future sales tax and state aid revenues.	42,355,000	-	3,525,000	38,830,000	3,700,000
Series 2017D bond maturing September 2039 with interest ranging from 3.00% to 5.00% over the life of the bond. Secured by future sales tax and state aid revenues.	82,295,000	-	2,280,000	80,015,000	2,375,000
	152,400,000	-	8,780,000	143,620,000	9,205,000
Premiums:					
2017A	1,441,980	-	434,813	1,007,167	-
2017B	356,774	-	99,976	256,798	-
2017C	3,393,396	-	746,875	2,646,521	-
2017D	8,253,502	-	850,826	7,402,676	-
	13,445,652	-	2,132,490	11,313,162	-
	$ 165,845,652	$ -	$ 10,912,490	$ 154,933,162	$ 9,205,000

Debt Service Requirements

Years ending December 31,	Principal	Interest
2026	$ 9,205,000	$ 6,642,369
2027	9,645,000	6,178,869
2028	10,095,000	5,693,244
2029	10,580,000	5,184,869
2030	11,090,000	4,652,119
2031-2035	49,730,000	16,235,919
2036-2039	43,275,000	5,307,468
	$ 143,620,000	$ 49,894,857

6. Pension Plan

Plan Description

The Authority participates in ERS, which is a cost-sharing, multiple employer, public employee retirement system. ERS provides retirement benefits as well as death and disability benefits. New York State Retirement and Social Security Law governs obligations of employers and employees to contribute and provide benefits to employees. ERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained from the New York State and Local Retirement System at www.osc.state.ny.us/retire.

Benefits: ERS provides retirement, disability, and death benefits for eligible members, including automatic cost of living adjustments. In general, retirement benefits are determined based on an employee's individual circumstances using a pension factor, an age factor, and final average salary. The benefits vary depending on the individual's employment tier. Pension factors are determined based on tier and an employee's years of service, among other factors.

Contribution Requirements: No employee contribution is required for those hired prior to July 1976. ERS requires employee contributions of 3% of salary for the first 10 years of service for those employees who joined from July 1976 through December 2009. Participants hired on or after January 1, 2010 through March 31, 2012 are required to contribute 3% of compensation throughout their active membership. Participants hired on or after April 1, 2012 are required to contribute a percentage ranging from 3% to 6% each year, based on their level of compensation. The Comptroller annually certifies the rates used, expressed as a percentage of the wages of participants, to compute the contributions required to be made by the Authority to the pension accumulation fund. For 2025, the rate was 19.3%.

Net Pension Position, Pension Expense, and Deferred Outflows and Deferred Inflows of Resources Related to Pensions

At December 31, 2025, the Authority reported a liability of $29,641 for its proportionate share of the net pension position.

The total pension liability at the March 31, 2025 measurement date was determined by an actuarial valuation as of April 1, 2024, with update procedures applied to roll forward the total pension liability to March 31, 2025. The Authority's proportion of the net pension position was based on the ratio of its actuarially determined employer contribution to ERS's total actuarially determined employer contributions for the fiscal year ended on the measurement date. At March 31, 2025, the Authority's proportion was 0.0001729%, a decrease of 0.0000268 from its proportion measured as of March 31, 2024.

For the year ended December 31, 2025, the Authority recognized pension expense of $14,263 on the government-wide financial statements. At December 31, 2025, the Authority reported deferred outflows and deferred inflows of resources as follows:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ 7,357	$ (347)
Changes of assumptions	1,243	-
Net difference between projected and actual earnings on pension plan investments	2,326	-
Changes in proportion and differences between Authority contributions and proportionate share of contributions	20,584	(6,849)
Authority contributions subsequent to the measurement date	21,810	-
	$ 53,320	$ (7,196)

Authority contributions subsequent to the measurement date will be recognized as an addition to (reduction of) the net pension asset (liability) in the subsequent year. Other amounts reported as deferred outflows and deferred inflows of resources will be recognized in pension expense as follows:

Years ending December 31,	
2026	$ 10,122
2027	11,700
2028	593
2029	1,899
	$ 24,314

Actuarial Assumptions

The actuarial assumptions used in the April 1, 2024 valuation, with update procedures used to roll forward the total pension liability to March 31, 2025, were based on the results of an actuarial experience study for the period April 1, 2015 to March 31, 2020. These assumptions are:

Inflation – 2.9%
Salary increases – 4.3%
Cost of living adjustments – 1.5% annually
Investment rate of return – 5.9% compounded annually, net of investment expense, including inflation
Mortality – Society of Actuaries' Scale MP-2021
Discount rate – 5.9%

The long-term expected rate of return on ERS pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected return, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Investment Asset Allocation

Best estimates of arithmetic real rates of return (net of the long-term inflation assumption) for each major asset class and ERS's target asset allocations as of the applicable valuation dates are summarized as follows:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic equities	25%	3.5%
Global and international equities	14%	6.6%
Private equities	15%	7.3%
Real estate equities	12%	5.0%
Domestic fixed income securities	22%	2.0%
Cash and cash equivalents	1%	0.3%
Other	11%	5.3%-5.6%
	100%	

Discount Rate

The discount rate projection of cash flows assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, ERS's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The following presents the Authority's proportionate share of its net pension position calculated using the discount rate of 5.9% and the impact of using a discount rate that is 1% higher or lower than the current rate.

	1.0% Decrease	At Current Discount Rate	1.0% Increase
Authority's proportionate share of the ERS net pension asset (liability)	$ (85,786)	$ (29,641)	$ 17,239

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Board of Directors
Erie County Fiscal Stability Authority

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Erie County Fiscal Stability Authority (the Authority), a component unit of the County of Erie, New York, as of December 31, 2025, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated March 20, 2026.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH SECTION 2925(3)(f) OF THE NEW YORK STATE PUBLIC AUTHORITIES LAW

The Board of Directors
Erie County Fiscal Stability Authority

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Erie County Fiscal Stability Authority (the Authority), a component unit of the County of Erie, New York, as of December 31, 2025, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and we have issued our report thereon dated March 20, 2026.

In connection with our audit, nothing came to our attention that caused us to believe that the Authority failed to comply with §2925(3)(f) of the New York State Public Authorities Law regarding investment guidelines during the year ended December 31, 2025. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the Authority's noncompliance with the above rules and regulations.

The purpose of this report is solely to describe the scope and results of our testing. This communication is not suitable for any other purpose.
